Some Specials for the Boys' Department

BOYS' SPORT SHIRTS

We've grouped them altogether in one lot, with values ranging from \$1.50 to \$2.50, and we are offering you your choice of anything in the pile for 99c

BOYS' SHIRTS AND SHIRT WAISTS

Here's another group that will interest the boys and their mothers. Shirts and Waists ranging from \$1.25 to \$1.85, are all on sale at this time for 89c

BOYS' COTTON JERSEYS

We have a line in sizes 26 and 28 in navy trimmed with cardinal; short sleeves. While they last, we will take for them only 35c

BOYS' BATHING SUITS

We have selected a bundle of these, knowing that they should be sought for now, and have put them on sale at 59c

BOYS' KNICKERS

Here are two special lines for our midsummer sale. You have a chance to buy the light weight khaki knickers for 99c Or you may select some from amongst the Tweeds. These tweeds are marked as high in some cases as \$4.50, but take your choice for \$1.99

BOYS' TWEED SUITS

We want to clean up the balance of the stock before the new ones come in, and ask for your help in the matter. To deserve your help we have divided them into four groups, and have priced them (per suit) \$8.75, \$7.75, \$6.75 and \$4.95

Men's Department

A real sale, in our opinion, is a sale of goods that people want, at the time they want them. For instance a sale of cotton night shirts for men in the Arctic circle in January wouldn't create much of a sensation, for they are not seasonable. : : : : :
We have kept this in view when planning this event : : : : :
Men's Work Shirts, made from good Oxford shirting 99c
Men's Work Shirts, Khaki drill, "Sandow" brand 99c
Khaki Iron Frame Work Shirts, big and roomy \$1.05
Western King Chambray Shirts, extra heavy material \$1.35
Men's Pre-Nek Sport Shirts, several varieties, all good \$1.95
Men's Fine Negligee Shirts, a very nice range, at \$1.50

Men's Cloth Caps, val. up to \$2.00, for 99c
Men's Balbriggan Shirts and Drawers, 49c
Men's Plain Neck Ties, in brown, steel, navy, blue, maroon, helio, etc. 59c
Men's Blue Bib Overalls, while they last, for \$1.49
Men's Felt Hats, in black and navy. Extra value for \$2.50
Men's Cloth Hats, just what you want for working in \$1.50
Men's Toyo Panamas, 3.50 values, for \$2.50
Men's Toyo Panamas, 2.75 values, for \$1.75

Millinery Dept.

Half-price for Trimmed Hats

Every trimmed hat in this department is on sale at half price. We are determined when the sale is over that not a hat will be left, so here is a chance.

UNTRIMMED SHAPES

We have about 12 left. Values up to \$3.50. You can take your choice for \$1.00

TURKISH BATH TOWELS

A special from amongst the staples.
Turkish Bath Towels 2 for 55c
Turkish Bath Towels 2 for 95c
Turkish Bath Towels 2 for 98c
Turkish Bath Towels 2 for \$1.25
Turkish Bath Towels 2 for \$1.75

GIRLS' AND WOMEN'S MIDDIES

Values up to \$4.00.
A grand rally on the bargain table. There is almost every size from 12 year girl's, to size 42 for women, and we will let them all go at a slaughter price. Take any one you like for 99c

MOTHERS: LISTEN TO THIS!

We have 40 girls' summer dresses left yet, and when the sale is over we don't want to have one in the store. To sell that many in a week we've got to do something desperate. The values run up to \$5.50, but you can take your pick for \$1.99

A NEW WAIST SPECIAL

Every Waist is offered at this sale at a 20 Percent. Discount
Tricollettes at from \$4.50 to \$8.00

U. S. RAILROAD LABOR BOARD AWARD

Chairman Sums Up Situation As He Sees It.

As reviewing the situation at the moment existing in connection with the threatened strike of railroad workers, the following is from the United States Railroad Labor Board to the president and other officials of the railway unions is of great interest.

Ben W. Hooper, chairman of the Labor Board, writes as follows: "Your communication of the 17th inst., in which the presidents of the eleven organizations have asked that the strike be sanctioned by you and your associate officials."

Your letter is to the effect that certain decisions of the Railroad Labor Board have been submitted to a strike vote of the members of your several organizations, and that in the event the vote is affirmative, the strike will be sanctioned by you and your associate officials.

It might seem that your communication calls for no official response. Personally, however, I have always been of the opinion that the limits of my official authority in the interest of railway peace, when called upon to do so, should be of any principle or the commission of any official impropriety.

It is to be presumed that a strike by the men is not to be a mere formality, but is to be followed by a strike order from the organization heads, I deem it a duty to make reply to your letter.

It should be presumed that you do not desire that the members of your organization shall vote for a proposition that contains such possibilities of loss and detriment to themselves, upon a misunderstanding of the action and attitude of the Board. It is a fact, however, that your letter does manifest a strikingly distorted conception of what the Board has done and why it did it.

In the most concise manner possible, and without the repetition of much detail, let me call attention to a few statements in your letter.

1. Your statement that the Board's last decision "states openly that pressure of circumstances was such that the Board was unable to determine just and reasonable wages" is not correct. The decision contains no such statement, and none that can be fairly so construed.

The decision recites at length the abnormal economic and industrial conditions of the post-war period, and then says: "Surrounded by such abnormal conditions, the Labor Board has not been permitted to deal with the question of what constitutes just and reasonable wages and working conditions in the same undisturbed and uncomplicated manner as would have been possible in normal times."

The simple recognition of difficulties experienced by the whole world should not be twisted into an interpretation designed to mislead the men whose interests are most directly involved.

2. Your statement that this Board says that "the establishment of just wages for railway workers must await the complete satisfaction of ownership in the matter of ratification and profits" is an inexcusable perversion of both the language and meaning of what the Board in fact said. A strike of railway employees involving their wages, their employment and their welfare, based upon such misleading statements of this Board's sentiments and declarations, would be unjust to the men and to the public.

3. The statement in the Board's decision "that labor cannot be completely freed from the economic laws which likewise affect the earnings of capital" is so obviously sound that it will not be questioned anywhere this side of the kingdom of the Bolshevik. And yet you mention this as an occasion of offense.

Your construction of this as meaning "the treatment of labor as a commodity" is strained, especially so in view of the fact that the Board in the same paragraph said: "It should be presumed that the Labor Board has never adopted the theory that human labor is a commodity to be bought and sold upon the market, and, consequently to be reduced to starvation wages during periods of depression and unemployment."

4. Your statement that the Board "failed to take into consideration the principle that even the lowest paid railway employees, such as section men and laborers, should receive, at least a living wage," is utterly baseless.

Your continual isolation and accentuation of the fact that a minimum rate of 25 cents an hour, \$1.34 a day, was established for section men is entirely misleading, because it overlooks or suppresses so many connected facts, among which are the following:

1. The rate for section men ranges from 23 to 35 cents per hour. Heavy railway work is done on Thursday, followed by general rains on Tuesday night and Wednesday morning. The men are allowed all anxiety over the crop outlook.

win the approval of the people of the United States by a rigid unyielding resistance to the inevitable process of readjustment which has been in progress for the past year. If the public is satisfied that the railway employees have been even more than fairly dealt with by comparison with other similar labor and in view of the conditions surrounding their work, we will be able to hold out to them the promise of a better future.

The fact cannot be overlooked that the policy of the leaders of the employees seems to be to accept no reduction, however slight. For example, the rate of 25 cents an hour is being insisted upon by the men, while the rate of 23 cents an hour is being insisted upon by the employers. The fact cannot be overlooked that the policy of the leaders of the employees seems to be to accept no reduction, however slight. For example, the rate of 25 cents an hour is being insisted upon by the men, while the rate of 23 cents an hour is being insisted upon by the employers.

It is scarcely worth while to multiply the details of the real situation, and the effect of the Board's decision, of which you complain. The fact is that the men are being asked to accept a rate of 25 cents an hour, while the employers are being asked to accept a rate of 23 cents an hour. The fact is that the men are being asked to accept a rate of 25 cents an hour, while the employers are being asked to accept a rate of 23 cents an hour.

Very respectfully,
BEN W. HOOPER, Chairman,
United States Labor Board.

SOUTH ASSURED OF ITS BEST CROP IN 6-YEAR PERIOD

Lethbridge, July 6.—Far from facing a crop failure in Southern Alberta, the wheat crop in a recent issue of the Financial Post, Southern Alberta is today practically assured of the best crop since 1916, when grain shipments from the Lethbridge railway division alone exceeded 35,000,000 bushels.

DISCRIMINATION ALLEGED AGAINST GRAIN CARRIERS

Department of Trade and Commerce Asked to Intervene.

Ottawa, July 6.—Grain shippers, both east and west, complain to the department of trade and commerce that Canadian ship owners in the lake trade are discriminating against Canadian carriers in regard to freight rates.

The specific complaint which the shippers make, is that Canadian vessels carry grain to Buffalo for two cents a bushel, while they charge two and a half cents to Georgian Bay.

It is claimed to be such unfair discrimination that the government is asked to pressure the Canadian coasting regulations as a means of bringing the Canadian ship owners to terms with the American carriers.

MUTUAL ARRANGEMENT The coastal regulations are a mutual international arrangement between Canada and the United States, which provide that vessels of either country may carry cargo from the ports of one to the other, but cannot coast in the waters of the other.

HANNA DRUGGIST MISTOOK POISON FOR ASPIRIN DOSE Hanna, Alta., July 6.—C. P. Johnston, druggist, who took a quantity of bicarbonate of mercury yesterday morning, is said to be in a very critical, if not hopeless, condition today.

EXAMINER'S REVIEW OF PROVINCIAL MARKETS

Cattle—Calgary had very poor quality cattle for the greater part of the week, and best steers hard to quote, with tops of light and choice heavy from \$2.50 to \$2.75; good, \$2.50 to \$2.75; medium, \$2.25 to \$2.45; common, \$2 to \$2.25. Top cows, \$4 to \$4.25; good, \$3.50 to \$4; medium, \$2.50 to \$3.50; common and canners, \$2 to \$2.25. Not much quality to the fat sheaf. Bulls will probably average up to \$2.25. Calves unchanged, with best at \$3 and common \$1 to \$2.50. Stockers and feeders—Quite a lot of feeders, without much weight on hand, and selling lower at \$2.50 to \$2.75; stockers, \$2 to \$2.75; some of this stuff being shipped across the line. Holders, \$2 to \$2.25. Cows, \$1.25 to \$2.

Beef—Edmonton firm on choice heavy exports at \$4.50 to \$7; choice light and medium, \$4.50 to \$5.25; medium, \$3 to \$4; common, \$2.50 to \$3.40. Anything but choice somewhat light and medium, \$2.50 to \$3.50; common and canners, \$2 to \$2.25. Bulls unchanged, with best at \$3. Choice calves from \$5 down. Feeders and Stockers—Good feeders selling freely at \$2.75 to \$3.25; common, \$2 to \$3, and not moving very easily. Stock holders, \$2 to \$2.50; cows, \$1.50 to \$2.

Hogs—Lumpy prices firm from last week, with Wednesday sales at \$13 to \$13.15; today \$13 to \$13.15. Edmonton hog market strengthened from last week, with recent sales at \$13 for select and long hauls at \$12.50 for medium.

Sheep—Not much mutton offered at Calgary and prices lower, with top lambs at \$10.50; wethers, \$8 down, and ewes, \$7 down.

Produce—Eggs—Receipts light at Calgary; unchanged at 24c, 20c, 15c, 10c, 5c grades. Creamery Butter—Eastern prices lower; Alberta carlot prices, 24c, 20c, 15c, 10c, 5c grades. Dairy Butter—Pamela table, 24c to 25c; No. 1, 18c to 20c; No. 2, 15c to 18c; No. 3, 12c to 14c. Butterfat—Prices unchanged at 30c, 28c, 26c with off grade 23c; receipts steady. Cheese—Large production in Alberta this season; prices unchanged. Pottery—Market slow; fowl, 10c to 12c; roosters, 8c; chickens, 10c to 12c; fancy broilers, 10c to 12c. Unseasoned poultry shipped in good condition, better sales expressed on it. Potatoes—No reliable market quotation; new crop making old stuff very hard to move. Dressed Mutton—Veal, 5c to 6c; lamb, 10c to 12c; hogs, 14c to 15c; farm killed.

Hay—Creamery Butter—Edmonton reports increased make demand and market weaker in tone, though prices unchanged; export demand will regulate prices. Butterfat—Prices unchanged; export demand will regulate prices. Butterfat—Prices unchanged; export demand will regulate prices.

Wool—Prices weaker and Calgary dealers now quoting 14c on ordinary clip.

Another cent advance on butcher hides at 6c; flint, 9c; calf, 6c to 7c; pig, 5c to 6c.

Trade good; hedges advanced to \$8 to \$10; coyotes, \$5 to \$11; spring rats, \$1 to \$1.70.

Surplus Strength of the Mutual of Canada

THE Mutual Life of Canada is the first life insurance company in the Dominion to assign definitely the whole of its surplus funds to specific objects.

After strengthening its reserves beyond the government requirements, the company's general surplus, representing the excess of assets over liabilities, amounts to

\$5,790,520.70

This fund has been assigned as follows:—

First—Provision for dividends under Deferred Dividend policies issued prior to 1911.....	\$3,688,146.75
Second—Provision for interim dividends under Quinquennial policies.....	277,897.66
Third—Provision for dividends payable 1922.....	1,500,000.00
Fourth—Provision for Mortality fluctuation and other Contingencies.....	324,476.29
	\$5,790,520.70

This statement, more complete than has been called for by the Government, discloses a notable financial strength. Indeed the financial position of the company is so sound and its dividend earning capacity continues to be so favorable that a

further increase in dividends has been decided upon for the year 1923.

JNO. A. CARSWELL,
Editor and Proprietor.

WEDNESDAY, JULY 12th, 1922.

We're all too busy boosting the Fair
to write long editorials this week. We
can't refrain from making a few brief
comments, however, in spite of this.

Before the next issue of The News
goes forth to a waiting world the
Red Deer Fair will be almost a
matter of history. Its success will be
due to the boosters and the knackers
will have taken to their beds. The
Boost for the Red Deer Fair, and you
will not be disappointed.

A whole week has passed since The
News pointed out the situation in
regard to the High School. Not a
single ray of light seems to have taken
its pen in hand to express an opinion
to the press on the subject yet, not
even to state whether he agrees with
the proposition or not. The Advocate
calmly remarks that this is not the
year to undertake such an expenditure.
Nobody ever expected that the
would be undertaken this year, and
it is not likely to be undertaken next
year unless the matter is thoroughly
discussed this year. Nor should the
option be allowed to exist, as the
Advocate would imply, that the building
of the new High School will be
merely a compliment to the Principal.
It is the secondary education of
the young people that is at stake
and it will not do much good to put
the principal on the back and say
nice things about what the people
would do for his convenience, if they
could. Let us have the facts on the
subject.

An editor and a lawyer have been
having a very interesting time recently.
The lawyer has been trying
to get some cheap advertising, no
doubt, although, if that is the case,
it must be admitted that whatever he
may be as a lawyer, he is a poor ad-
vertiser. The editor has been prone
to take the lawyer seriously instead
of regarding him as a joke. The
lawyer's mind seems to revert to a
certain election campaign when he
made his debut as a politician since
and seems quite forgetful of the
fact that the editor in question had
heard political speeches while the
lawyer was still in his infancy, and
that some of the expressions he has
branded as new are almost verbatim
with experienced political speakers.
That was the same political
campaign in which one of the speak-
ers, after listening to a learned argu-
ment by the legal gentleman in ques-
tion, was led to remark that the law-
yer and his arguments reminded him
of the monkey that was brought from
Africa—far fetched and full of non-
sense. From what we have seen late-
ly, his logic has not undergone any
marked improvement since that
time. Some friends of The News
have urged us to suggest gently to the
lawyer that if he wished to move to
some place like Morningside or Hob-
house, he would not be afflicted
with the association of ungenial
newspapermen, that very few peo-
ple would offer any real objection.
We realize, however, that it takes all
kinds of people to make up a city, and
that if the lawyer should take a
decision to depart, one very peculiar
specimen of the species would be ex-
tinguished. However, the war is all over
now, and we have nothing to do but
boost for the Fair.

CITY WILL CANCEL
PARTS OF SEVERAL
SUBDIVISIONS

(Continued from Page 1)

during the month of June.
The Chief of Police reported for
June: 36 dogs found open, 12 lights
unit, 3 dogs destroyed, 6 women or-
dered out of town, 9 transients order-
ed out of town, one conviction with
\$300 fine on liquor charge. Several
other investigations and matters re-
ceived attention.

The Chief of Police asked for au-
thority to engage two special constables
for the Fair. Permission granted.

COMMISSIONER'S REPORT

We have received titles to lands
sold to the city at the 1920 tax sale.
2. The cement crossing on Galtz
Ave. next to the Red Deer Grocery
has been repaired; and the cement
walk in front of W. E. Lord's store
raised. We are getting prices on
asphalt to fill in cracks in the water
and will have the worst places re-
paired.

3. All water and sewer connections
in the city applied for have been in-
stalled. Several hydraulic lines have
been dug up and repaired. Very few leaks
have developed in the water mains
this summer so far.

4. We supplied the Exhibition As-
sociation with as much lumber as we
had on hand to build a fence around
part of the race track, and the City
has fixed up the outside fence at the
grouse hill but this fence is in bad
condition, as the posts are rotten and
a lot of it will blow over at any time
now.

5. We submit statement of receipts
and disbursements for June, and will
submit a half yearly statement for
these as soon as it can be prepared.

6. We submit departmental re-
ports for June.

7. We submit accounts for your
authorization to pay.
8. We recommend that an applica-
tion be made to H. Milton Martin,
Commissioner, for an order vesting in
the city title to lands in subdivisions
the city has applied to cancel, on
the grounds that arrears of taxes have
not been paid up to 1920 and further
recommendations as follows:

Englewood, Plan 5998 A.H.: That all
of this subdivision, excepting Blocks
5, 6, 15 and 16, be cancelled, and that
cash offers to purchase be made to
owners of lots in this subdivision, and
cancelled and exchanges made where
possible. Cash offers amount to
\$180.00. Area to be cancelled, 20
acres.

College Heights Addition, Plan
5932 A.H.: George Everett owns a
house on lot 4, block 1, and he has
chased lots 2 to 5, block 1, at the 1920
tax sale, but has not taken title as
yet. If Mr. Everett would exchange his
lots for others closer in and move
his house to them, we recommend
that all of this subdivision be can-
celled. If he will not do this, we
recommend that all of the subdivision
be cancelled excepting lots 1, 6, 7, 8,
9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19,

Lattimer & Bottrell submitted an
offer in regard to payment of taxes.
The commissioner will report on the
collection of rents on properties in
arrears of taxes at next meeting.
Mr. Brody appeared before the
Council, asking for release of the de-

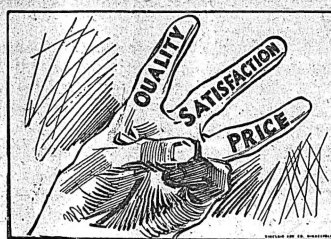

posit held in lieu of transient trad-
ers' license as a guarantee of per-
formance. Council did not consider
that Mr. Brody had been here long
enough yet to warrant release of the
deposit and resolved that no action
be taken.

Mr. Maxon appeared before Coun-
cil with a request for Council to ac-
cept a \$10.00 license for wrestling
match on Friday afternoon, the same
amount as had been accepted on a
former occasion. Council set the
license for the proposed wrestling

match at \$50.00, as they felt the
\$10.00 fee to have been too low.
A. J. Smith brought up the matter
of a rosi cellar being needed at the
Hospital. The city men will assist in
providing this.

The Central Alberta Livestock
Shipping Association are desirous of
purchasing the scales at the stock
yards, and the Commissioners were
authorized to enter into negotiations
regarding the price to be paid to the
city.

TAX COLLECTIONS
The collection of current taxes for
the month of June amounted to
\$3764.68. The sum of \$2083.10 was
collected on 1921 arrears, \$286.26 on
1920 arrears, and \$208.32 on other
arrears, also \$211.00 from collection
of rents re arrears of taxes.
Council adjourned at 10.45.

CROP REPORT

Issued by the Bank of Montreal, 6th July, 1922.

Below will be found a brief synopsis of telegraphic reports received at the Head Office of the Bank of Montreal from its Branches. The Branch Managers have complete and intimate knowledge of each local situation and are in close touch with crop conditions in all sections of the districts mentioned.

GENERAL
Heavy general rains have greatly improved prospects in every province east of the Rockies, and hopes run high for better than average crops of grain and hay. British Columbia, however, is still suffering badly from drought.

PRAIRIE PROVINCES
Crops continue to make good progress, needed rains have fallen and conditions generally are favorable. Damage from pests is small.

Edmonton District: Conditions good following beneficial rain. Wheat in shot blade, oats looking well, hay in some districts will be short.

Calgary District: Heavy rains somewhat late for northern part of district, where condition of crop only fair; southern portion grain, pasture and hay good.

Lethbridge District: Conditions generally favorable; some localities suffering badly from drought, have been materially improved by recent rains. Saskatchewan District: Unless general rain comes soon conditions will be below average; conditions vary, and are best in northern localities; little damage from hail.

Regina District: Crops have benefited from heavy rain, and conditions are favorable; some losses from hail; prospects indicate average to good crop.

Winnipeg District: Crops well advanced; damage from recent violent wind and hail storm confined to comparatively small part of province; general outlook favorable; fall rye headed out in some localities.

PROVINCE OF QUEBEC
Cereal and root crops are looking well, but warm weather is needed. In some districts complaints are heard that there has been too much moisture; hay and pasture everywhere in splendid condition.

PROVINCE OF ONTARIO
Rains have been general; warm, dry weather would now encourage large crops; fall wheat filling out well and beginning to ripen; large crop indicated; spring wheat, oats and barley in good condition, above average; very heavy yield of hay promised; corn a little backward; fruit good average crop looked for; pasture in splendid condition.

MARITIME PROVINCES
Conditions generally bright. Annapolis Valley prospects are from fair to good crop of good quality apples; good hay crop practically assured everywhere—in fact, all prospects good except in limited parts of St. John Valley, where floods caused damage.

PROVINCE OF BRITISH COLUMBIA

Weather hot and dry, rain badly needed everywhere; hay half average; grain 70 percent; roots, 60 percent; potatoes, Ashcroft, 25 percent, above average. In Okanagan water situation rather serious; apples 80 percent; small fruits above average except plums and prunes; Fraser Valley tree fruits particularly good; berries much below average. Nicola and Ashcroft report grasshopper plagues.

THE REAL SUFFERER

Mrs. Wigwag—"Your husband suffers from dyspepsia, doesn't he?"
Mrs. Grogg—"That depends on me and you, for the one that suffers from his dyspepsia."

ECKVILLE SPORTS

There was a big crowd in attendance at the Eckville Sports last Wednesday. The weather was all that could be desired for the occasion. The celebration started with a caltumpian parade. The program of sports, with Mr. Mitchell in charge, was very well managed and much enjoyed. There were a few horse races as well, but the main interest centred in the baseball tournament.

There were four teams in competition, Sylvan Lake, Eckville, Benalto, and Markerville. The first game, between Sylvan Lake and Eckville, was a one-sided affair, which the home team won by the score of 15 to 2. A rather amusing incident occurred near the end of the game when overboard was losing interest on account of the lopsided score.

A Sylvan Lake batter struck out, but the catcher dropped the ball. The batter retired to his dugout, and the catcher threw the ball to first, but Bill Walker did not connect with it.

The ball rolled off into the pasture and after due deliberation, the Sylvan Lake men decided to run for first. However the pitcher covered the sack and Bill heaved the ball just in time to save the base.

The second game was more evenly contested. Benalto slumped badly on the start, but pulled up considerably on the finish, not enough, however, to overcome the Markerville lead. The final score was 3 to 7 in favor of Markerville.

The final game was played in the evening between Eckville and Markerville. It was a great game of ball. The pitching of Bill Walker was one of the outstanding features of the game; Bill seems to be going just as well as ever this year. There were remarkably few errors. In all most every innings someone got on bases, but the scoring was all confined to two innings. Harry Lowe got a dandy three-bagger in the first

innings, but failed to reach home. The score was given out as 3 to 1 in favor of Eckville, but even the Eckville supporters claim that the umpire gave them a run that they were not entitled to, and that the final score should have been 2 to 1. The program concluded with a big dance in the evening. The ladies served refreshments in Cowan's store during the day, and although their prices were very reasonable, the financial returns for their efforts was very satisfactory. Taken altogether, the day was a great success, and the committee in charge deserve credit for the arrangements.

ALBERTA GOVERNMENT ACCEPTS OFFER OF \$9.14 FOR BOND ISSUE

Late Friday night, after considering revised offers from five different financial associations, the Alberta government accepted the offer of a syndicate composed of Wood, Gundy & Co., of Toronto, the Dominion Securities Co., and Bilton, Head & Co., of New York, for the entire issue of \$3,500,000 worth of provincial bonds at a price of \$9.14, these to be payable in five years with interest at five and one-half percent.

Payment for the issue is to be made in United States funds at Toronto on delivery. All offers on Friday were made in private, the government having rejected all open bids Thursday, when the best offer for the bonds on a 30-year five percent basis was \$9.58.

Premier Greenfield on Friday night was pleased with the result of the sale, and Deputy Provincial Treasurer, W. V. Newton, thought the accepted bid was highly satisfactory in view of the decidedly unfavorable

state of the bond market. The price obtained was said to be fully two points better than the next highest tender. In five years' time it is expected the province will be able to raise on more favorable interest terms than at present.

ANOTHER THING.

"The benevolent man espied a little tot weeping, and said to her, 'Now be a good little boy and stop crying.' The child replied, 'I can't.' 'Well, here's a penny.' 'Tell me why you can't be a good boy?' 'Cause I'm a girl.'"

REVISED ADJECTIVE

LITTLE INTEREST BEING TAKEN IN MANITOBA CONTEST

Talk of Coalition of Liberals and Farmers With Norris Bill

Winnipeg, July 4.—With the close only two weeks distant of what a "politically dull campaign," the 227-274 persons whose names are on the Manitoba voters' lists are displaying no lively interest in the issue and personalities of the provincial general election. Fifty-three members of the legislature are to be elected on Tuesday, July 18, and two others will be chosen at deferred elections in the Fall and Rupert's Land constituencies at a date which is not yet fixed. Hon. Edward Brown, provincial treasurer, represented The Pas in the last house and probably will be a candidate once more.

There are now close to 150 candidates in the field and this list will be enlarged before the official nominations are held on Saturday of this week. There will be more than forty candidates in Winnipeg where ten members are to be elected by proportional representation. The field is divided among Liberals, Conservatives, Progressives (allied with the United Farmers), and Independents, and the chosen ten are likely to include representatives of all the parties.

Public meetings are being held in large numbers. In Winnipeg audiences have been very small up to this time, but in the rural districts rather more interest is being taken. No spectacular issues have developed and the argument is based largely on the record of the Norris government and allegations of extravagance and misadministration. Government supporters claim to detect indications in the rural constituencies of a Liberal reaction, and the suggestion is heard from such sources that the next cabinet is likely to be a coalition of Liberals and farmers with Mr. Norris continuing as premier. On the other hand prominent members of the United Farmer party profess confidence in prospects and expect that the farmers will command a majority in the next house which will make unnecessary any coalition or combination of parties. The entry into the field of provincial politics as an organized force of the United Farmers complicates the situation for those who have been accustomed to make political forecasts and having for their guidance only the federal vote in Manitoba of December last they are content for the most part to express themselves in vague generalities.

FARMER LIVING NEAR INNISFREE TAKES OWN LIFE

Charles Stevens, aged 65 years, a farmer living seven miles from Innisfree, Alta., committed suicide by shooting himself Wednesday, according to information received from Constable Sackey of Vegreville. An official police headquarters Thursday morning. Dr. Couillard viewing the body declared that an inquest would not be necessary. It being, in his opinion, a clear case of suicide. Mr. Stevens took his own life by placing a 22 calibre in his mouth and pulling the trigger. Death was almost instantaneous in the opinion of the coroner who viewed the body.

IMPERIAL POLARINE OIL
(Light Medium Body) is the lubricant recommended for your Ford.

Briefly, these are some of the results of using too heavy an oil for your Ford.

- (1) Engine drag and loss of power.
- (2) Improper oil distribution.
- (3) An overheated engine.
- (4) Excess carbon deposit.
- (5) Unnecessary friction and wear.
- (6) Large repair bills.
- (7) Rapid depreciation.
- (8) Excess fuel and oil consumption.

What is the remedy? Use Imperial Polarine Motor Oil (Light Medium Body), which is especially adapted to the mechanical requirements and operating conditions of your Ford engine.

Have your crank case cleaned and refilled today with Imperial Polarine Oil (Light Medium Body), and realize full Ford economy and efficiency.

ALBERTA TREASURER REJECTS OFFERS FOR BIG BOND ISSUE

Premier Greenfield Comments on Fact That Bond Market Unfavorable and Calls for Private Offers on Revised Issue—Best Price Offered for Alberta Thirty-Year "Fives" Was \$3.52 in American and Canadian Funds.

A new and disagreeable phase of provincial history was made Thursday noon when the government was forced to reject all bids for the bond issue of \$3,500,000 thirty-year "fives," because of the abnormally low offers. Premier Greenfield, after reading the bids and commenting on the fact that the highest offer for the \$3,500,000 issue in American funds was only \$1.13, "We will therefore have to reject all bids today and call for new offers," he stated to the large number of financial representatives present. One or two of the representatives thought the government was following the rejection of all offers in hand, Premier Greenfield stated that an opportunity would be given the financial houses to revise their bids on the advertised issue, and that the United Farmers would not be asked to provide bids on the total issue of \$3,500,000 on a five and ten year basis at five and one half per cent interest, payable in either Canadian or American funds. These terms were acceptable to the representatives of the bond houses.

"The highest bid for the \$3,500,000 issue was \$3.52 from the Harris Forbes Co., Montreal, on behalf of the National City Co. Other bids for this issue were: 90.51 from the Bank of Montreal, for a syndicate comprising R. C. Matthews & Co., MacLeod, Young & Co., Halsey Stuart & Co., Blair & Co., Wells Dickey & Co., and the First National Co.; 92.19 from Wood, Gundy & Co., and the Dominion Securities Co.; 92.78 from Wilkin, Hunt, Kilburn & Co., Edmonton, on behalf of Amelius Jarvis, Brown Bros. and Cyrus Pierce & Co.; 92.42 from H. E. Evans, Edmonton, for A. E. Ames, Guaranty Trust Co., Blythe Witter & Co. and the Continental Trust and Savings Co. The H. Burgess & Co., Toronto, for the Canadian Bond Corporation, MacNeill, Graham and Co., and Nesbitt, Thompson Co., bid 91.33 for the \$1,000,000 issue; Harris, Forbes & Co. for R. A. Daly & Co., and R. C. Matthews and the National City Co. bid 89.89; Wood, Gundy & Co. bid 90.55; the syndicate represented by Wilkin, Hunt & Kilburn bid 91.22; and the firms headed by H. M. E. Evans offered 89.79.

STAMP TAX IS EFFECTIVE ON AUGUST FIRST

Ottawa, July 6.—Some confusion apparently has arisen with regard to the date when the new stamp tax on cheques will come into force. An official announcement today intimates that the new rate of two cents stamp tax for every \$50.00 of the amount of money for which the cheque is drawn up to, but not exceeding \$5,000, will become effective on August 1 next. Cheques drawn for any amount exceeding \$5,000 will be subject to the same tax as those drawn for \$5,000, namely, \$2.00.

CRIPPLED WITH RHEUMATISM

Then She Took "FRUIT-A-LIVES" And Has Been Well Ever Since

Mrs. CLARA SLOAT.

For many years, I was a great sufferer from Indigestion, Constipation and Rheumatism. My stomach was weak and gave me constant distress, while rheumatism in my joints made me almost a cripple, was treated by two different doctors but their medicine did me no good.

Then I tried "Fruit-a-lives" and at once that fruit medicine helped me. Soon the Constipation and Indigestion were relieved and the Rheumatism began to go away, and in a few months entirely disappeared. For several years now, my health has been first class, and I attribute it to the use of "Fruit-a-lives" which I take regularly.

EARLY ENTRANCE OF HUDSON TO CABINET GIVEN CONFIRMATION

Ottawa, July 6.—The story of cabinet reconstruction involving the entrance of Hon. A. B. Hudson, as minister of colonization, and rather extensive changes later on, is confirmed on the best authority. The department of immigration and colonization was kept open when the cabinet was formed, being temporarily attached to the work of the minister of the interior, Hon. Charles Stewart, who will relinquish it to devote himself exclusively to his own department. Hon. B. D. McKenzie, solicitor-general, will remain in the cabinet for the present, but will probably go out when the general shuffle takes place before the next session of parliament.

ALBERTA COAL WILL BE MADE TO CONFORM TO STANDARDS

Premier Greenfield Had All Day Conference With Coal Men From All Parts of Alberta With Satisfactory Results.

Edmonton, Alta., July 5.—That the coal products of the Alberta mines be standardized as to size and the coal of certain sizes be described by certain names, such as lump coal, egg coal, stove coal, etc., was the aim of a resolution passed at an all-day conference of Alberta coal operators and government officials at the provincial buildings yesterday. A committee of nine in all is to be selected from the different fields, two each from Edmonton, Lethbridge and Drumheller, and three from smaller fields, and this committee will bring in recommendations to the operators regarding grading as to sizes. The operators will must again to consider these and other recommendations at the call of the premier, included in the large number of operators at the meeting were:

Louis Stockert, Lethbridge; Jesse G. Gough, Drumheller; R. N. Young, secretary of the Western Canada Coal Operators' association; Gordon Dickson, Brule; C. G. Shalden, Edmonton; J. Parker, Colesburg; L. Tupper, Wayne; Mr. Morrow, Canmore; Messrs. Frent and Mackay, Edmonton; George Montgomery, Edmonton; E. A. McNeil, Edmonton; George Brookbank, Calgary; Reed and R. L. Brown, Edmonton; T. Henderson, Tofield; W. S. Couper, Edmonton; and many others.

The conference was held in private.

DEMONSTRATION OF CUTTING MACHINE'S NEW IMPROVEMENTS

"Wonder Mower" Was Tested in Clover Field at University Farm

A very interesting demonstration was made at the University of Alberta on Tuesday, July 4, when a mowing machine, manufactured by the Canadian Farm Implement Company, Limited, of Medicine Hat, Alberta, was used to cut a strip of sweet clover on the university farm. This machine is operated with two feet of cut, and shows the clear, similar to a pair of clippers, thus eliminating the ledger plate as used in other types of machine. It was a treat to watch the machine in operation. There was a total absence of vibration with practically no side draft. The machine pulls about forty percent lighter than the old type of machine and the knives are self-sharpening. This demonstration was made with the permission of Professor G. H. B. Stewart, director of field husbandry.

It was the opinion of those watching that the machine operated that the new device made a very satisfactory job under adverse conditions.

The company is going to manufacture in this province a line of farm machinery and claims, with a greatly improved machine, it has been able to considerably reduce the price to the farmers.

Mr. W. J. Miller, of this city, was present at the above demonstration, and has taken over the agency for sale of stock for Red Deer and district, and will be always ready to give a demonstration of the virtues of this above machine.

FALL RYE FOR PASTURE

(Experimental Farm Note)

The growing of fall rye as a grain crop has increased greatly in Western Canada in recent years. In addition to its general value for grain production, it is capable of filling an important place as a pasture crop. On Brandon Experimental Farm it has been used to quite an extent as a supplementary pasture crop, and has given very satisfactory results. It is much better for this purpose than spring rye because of its tendency to grow a covering of leaves over the ground as is the habit of winter crops rather than to shoot quickly into head.

It does not produce as good a quality of pasture as the best grasses and clovers, and it is not proposed that it should replace these as the main pasture. However, there are seasons when the regular pastures are scanty and supplementary pasture crops to fill these gaps are worthy of consideration.

One of the best features of fall rye for pasture is its earliness in the spring. Since it lies over winter, it is ready to grow in the spring as soon as conditions are favorable. It does not require much heat to start the rye, it grows in the cold April weather when many other kinds of fodder crops are not able to start. Consequently it has a good growth as soon as the land has dried in the spring sufficiently to carry the cattle. It is early and more nutritious than the first growth of grass and much ahead of anything else in point of time.

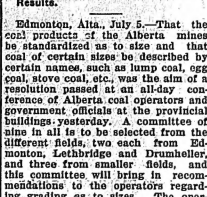

It is also particularly valuable for late fall pasture. When other crops are all harvested, or are dried up, or the more tender ones frozen, fall rye will be providing abundance of food right up to freeze-up. It can also be used for midsummer feed by sowing in June. However, it is not as good as other crops equally as good or better for this purpose.

For fall and spring pasture, fall rye should be sown earlier than the best date for grain production. During the month of August or even the last of July is a good time to sow it. More seed may be used for pasture production than for grain. A bushel and a half or one and three-quarters gives a good thick stand for pasturing.

It should not be pastured too bare in the fall, there should be enough growth to cover the ground for protection in the winter. In the spring it is better to pasture it closely and keep it down as it is not very acceptable to stock after it begins to head out.

Of Course we Want Your Trade

Our very object in advertising is to get your trade, and we doubt if there is another drug store anywhere that appreciates it more. Besides, it's to your advantage to come to us, where you will find a large stock, a good assortment, and the prompt attention you are entitled to.

YOU ARE JUDGED BY YOUR TEETH

For your own comfort, as well as for the other fellow's good opinion, you should get the clean teeth and mouth habit. Use **MAGLAC TOOTH PASTE** and you will be sure of both.

FOR ANY SKIN ROUGHNESS

Garden Court Benzine and Almond Cream seems to be a necessity with many families as a remedy for roughness, for chapped hands and for any irritable condition of the skin that occurs. It is soft and smooth, and quickly heals the skin.

Remember

that we are exclusive Nyal and Penslar Agents. Their goods are second to none.

Our Prescription Department

This department is receiving our greatest care. If you want exactly what The Doctor Orders, bring your next prescription to us.
